If caregivers have a choice

Tango XXL

More space and support where it matters most

5100 5850

Tango XXL shower toilet chair

The Tango XXL has been specially developed to support bariatric clients with dignity and ease. With a safe working load of up to 360 kg, the chair provides comfort through its wide, ergonomically shaped seat and backrest, complemented by fold-away armrests and swing-out footrests with calf supports. These features not only make sitting and standing easier for the user but also ensure a safe and efficient workflow for the caregiver.

Versatility is at the heart of the Tango XXL. Designed for use as both a shower and toilet chair, it can be positioned directly over many toilets or used with a bedpan or collection bucket. This multifunctional approach streamlines daily care routines, while its professional-grade construction ensures the chair fits seamlessly into demanding healthcare environments.

Highly stable design. The robust frame, low center of gravity and braked castors ensure maximum stability during transfers and care moments.

Ergonomic Use. Equipped with smart handle and four braked wheels to simplify manoeuvring, ensuring high stability on various surfaces and minimizing the strain on the caregiver's joints.

Reliable & Long-Lasting. Built for daily care and backed by a 60-month warranty, offering a dependable performance.

Antibacterial & Corrosion-Resistant. The antibacterial coating with silver-ion supports hygiene and infection control, while the corrosion-resistant frame with smooth surfaces ensures durability and easy cleaning.
